

TRANSPORTATION POLICY

The transportation policy gives advice on dropping off and collecting children. Clubs & Counties should develop a transport policy which is publicised to parents via their welcome pack and website.

It should be made clear that in most instances it is the responsibility of parents, not the club, to transport their child to and from the club or nominated meeting point. If parents make arrangements between themselves this is a private arrangement made at the parents' discretion. The form below can be used in accordance with private car sharing arrangements.

If a club/County hires transport such as a minibus or coach from a reputable commercial company it is entitled to assume that the company provides properly maintained and insured vehicles and properly licensed drivers. However, children must never travel unaccompanied. A member of the club/county (DBS checked) must travel with the children and that adult's contact details must be readily available to any parent who has reason to contact them.

If the club formally arranges transport e.g. using minibuses or people carriers (as opposed to facilitating travel arrangements between parents) then the club should ensure that:

- Drivers have a valid driving licence and recruitment procedures, including vetting criteria have been followed and appropriate insurance and breakdown cover has been arranged.
- The vehicle is suitable for the number of passengers and has operational safety belts and appropriate child car seats.
- Parents give their consent and have the driver's contact details, with the driver having easy access to parents' contact details including mobile phone numbers.
- No child is left alone in the car with the driver, unless it is the adult's own child. If, in extenuating circumstances, this situation arises the child should sit in the back of the car if possible.
- The children involved are happy with the arrangement and adults are alert to any signs of disquiet.

In the event of a late collection of children, coaches and volunteers should: attempt to contact the parents, wait with the child, preferably in the company of others, notify the welfare officer and remind parents of their responsibility to collect their child promptly.
